No.528/MPRS(HVS)/2026

22nd May, 2026

Shri Kanchan Banerjee
Founding Convenor, Legacy 250

I extend my greetings to the organisers, academic institutions, community leaders, and young students associated with "Legacy 250: India and America – 250 Years of Shared Destiny." As the United States of America commemorates the landmark 250th anniversary of its independence in 2026, this nationwide initiative serves as a timely and magnificent platform to celebrate the deep-rooted, evolving partnership between the world's two largest democracies.

2. The relationship between India and the United States is unique, anchored not just in strategic and economic alignments but firmly rooted in shared democratic values, innovation, and profound people-to-people ties. It is heartening to see premier global institutions, from the Massachusetts Institute of Technology and Tufts University to the Indian Museums and IIT Kharagpur, collaborating to reflect upon this shared journey.

3. To the dynamic students and youth leaders participating across campuses: you are the important pillars of this bilateral synergy. Your ideas, energy, and cross-cultural leadership will define the next chapter of global progress, sustainability, and peace.

4. I commend the Massachusetts India Partnership organisation and Shri Kanchan Banerjee ji for envisioning this forward-looking platform. I am certain that the exhibitions, dialogues, and storytelling initiatives under Legacy 250 will greatly inspire a deeper mutual understanding and further solidify the bridge of friendship between our two great nations.
